1-2. EPA, State and Tribal Assistance Grants, Clean Water and Drinking Water State Revolving Funds

- This includes construction of, and modifications to, municipal sewage treatment plants and drinking water treatment plants.
- The subcommittee will be limiting water infrastructure grants only to projects that are publicly-owned or owned by a non-profit entity. Privately-owned projects are NOT eligible for water infrastructure grants.

State and Local Projects

- The Subcommittee will accept CDS requests for local and/or municipal projects included on a state's most recently finalized Clean Water or Drinking Water State Revolving Fund Intended Use Plan (IUP). The Subcommittee may consider projects that are eligible for funding under State Revolving Loan Fund (SRF) guidelines (detailed below), but are not on the state IUP list.
- There is a minimum 20% cost share requirement for any state or local water infrastructure grant funded through congressionally directed spending. For example, a \$1 million project could receive a maximum of \$800,000 from the Federal government, with the remaining \$200,000 the responsibility of the grantee. In almost all cases, other federal funds cannot be used to meet this 20% cost share.
- Applicants should note if the project is on the state's most recently finalized Clean Water or Drinking Water State Revolving Fund Intended Use Plan (IUP). Projects may be considered that are not on the state IUP list but which meet State Revolving Fund (SRF) guidelines. Note that SRF projects have very specific eligibility requirements and projects will not be considered unless they meet those requirements.

Congressionally Directed Spending (CDS)
Eligible Accounts and Requirements

Application must answer the following questions in a numbered format:

1. What is the project purpose, e.g., drinking water, wastewater, stormwater, and/or water quality protection?
2. How will the project help the recipient meet applicable water standards—e.g. improve drinking water quality or improve surface/groundwater quality?
3. Is this project primarily to support existing water needs or to support future growth? Note that projects primarily to support future growth are typically ineligible for State Revolving Funds. Is this request seeking funding for planning and design, construction, or both?
4. Describe the project recipient—are they a municipality? Public water system? Other public entity?
5. What is the total estimated cost of the project, based on the facilities plan or preliminary engineering report?
6. What is the amount requested for the project?
7. Is the amount requested scalable to a lower amount and if so, what is the minimum amount?
8. Please list any funding received from federal appropriations, including the fiscal year and source of funding (Clean Water SRF, Drinking Water SRF, STAG grants, USDA Rural Development Program, FEMA, or others)?
9. Does the community have a financing plan certified by an authorized local official demonstrating how it will cover the matching funds of 20% or more?
10. What are the anticipated non-federal sources of funding for this project?

The following list provides some examples of the types of projects that are typically eligible for SRF funding and are most frequently funded. This list is not intended to be exhaustive.

Congressionally Directed Spending (CDS)
Eligible Accounts and Requirements

Projects that generally ARE eligible for SRF funding			
Clean Water / Waste Water		Drinking Water	
1.	Wastewater treatment plants, including sludge handling facilities.	1.	Facilitate compliance with national primary drinking water regulations or address serious risks to public health including non-regulated contaminants (i.e. PFAS)
2.	Collector Sewers – Small sewers that convey wastewater from residences, commercial establishments, and industrial sites.	2.	Rehabilitate or develop water sources (excluding reservoirs, dams, dam rehabilitation and water rights) to replace contaminated sources
3.	Interceptor Sewers – Large sewers that convey wastewater from collector sewers directly to a wastewater treatment facility.	3.	Install or upgrade treatment facilities
4.	Sewer Pipes – Rehabilitation is only eligible if the pipes are publicly owned.	4.	Install or upgrade storage facilities, including finished water reservoirs, to prevent microbiological contaminants from entering the water system
5.	Outfall Sewer – A sewer that conveys treated wastewater from a wastewater treatment facility to the receiving waters.	5.	Install or replace transmission and distribution pipes to prevent contamination caused by leaks or breaks in the pipe, or improve water pressure to safe levels
6.	Storm Water Management – Measures to manage, reduce, treat, or recapture stormwater or subsurface drainage water (i.e. storm sewers, green infrastructure, etc.).	6.	Projects to consolidate water supplies – for example, when individual homes or other public water supplies have a water supply that is contaminated, or the system is unable to maintain compliance for financial or managerial reasons
7.	Combined sewer overflow (CSO) control and sanitary sewer overflow (SSO) control.	7.	Land is eligible only if it is integral to a project that is needed to meet or maintain compliance and further public health protection
8.	Infiltration/Inflow Correction – Construction activities that prevent surface water or groundwater from entering the sewer system.	8.	Project planning, design and other related costs
9.	Water Security – Installation or upgrade of physical security infrastructure such as lighting, fencing, monitoring and access control. Also, cybersecurity measures, installation of safer		

3. Indian Health Service, Sanitation Facilities Construction, Sanitation Facilities Construction

- The subcommittee will accept CDS requests for projects included on the Indian Health Services’ (IHS) Sanitation Deficiency System (SDS) list.
- In exceptional circumstances, the committee may consider projects that are eligible for funding under the Criteria for the [Sanitation Facilities Construction Program](#) but are not on the SDS list (see pg. 5-1 through 5-12 of the criteria).
- Applicants should note if project is on SDS list.

Congressionally Directed Spending (CDS)
Eligible Accounts and Requirements

Application must answer the following questions in a numbered format:

1. What is the project purpose, e.g., drinking water, wastewater, stormwater, and/or water quality protection?
2. Is the amount requested scalable to a lower amount and if so, what is the minimum amount?
3. Is this request seeking funding for planning and design, construction, or both?
4. Is the preliminary planning and engineering design completed for this project?
5. When will this project be ready to proceed to construction?
6. What is the total estimated cost of the project, based on the facilities plan or preliminary engineering report?
7. Please list any funding received from federal appropriations, including the fiscal year and source of funding (Clean Water SRF, Drinking Water SRF, STAG grants, USDA Rural Development Program, FEMA, or others), if applicable?
8. If applicable, does the community have a financing plan?

4. National Park Service, Historic Preservation Fund Projects

- The Historic Preservation Fund (HPF), established to help fund the programs engendered by the National Historic Preservation Act (Public Law 89-665; 54 USC 300301 et seq.), was designed to preserve historical and archaeological sites in the United States of America
- The subcommittee anticipates that most requests will be made within the HPF for the Save America's Treasures (SAT) program.
- All HPF grantees, including successful CDS recipients, must meet standards set by the Secretary of the Interior and comply with the [audit requirements](#), and each successful CDS recipient funded in a final bill must complete an application through [grants.gov](#).
- The Subcommittee will accept CDS requests for non-formula funded activities within HPF that meet the qualifications of HPF programs. Please note that acquisitions of collections or historic properties are not eligible under the HPF. For more information, please visit [here](#). The maximum project amount is \$500,000
- For SAT, the subcommittee requires the property be listed as an historic place on the National Register of Historic Places or as a National Historic Landmark.

Application must answer the following questions in a numbered format:

1. What type of entity is the recipient (e.g., non-profit organization, state or local government, educational institution, federally-recognized Indian Tribe, Alaska Natives, or Native Hawaiian organizations)?
2. Has the project received a previous federal grant in the past? For SAT, previous projects can be viewed here: [NPS SatMap](#). If yes, note the year, the amount, and the federal program.
3. If the request is for SAT, does the recipient have in place, or a plan to provide, the one-to-one match with non-federal cash and/or in-kind contribution?
4. Would the requested project fund an eligible activity under the HPF? For example, for SAT, please visit [here](#).

Congressionally Directed Spending (CDS)
Eligible Accounts and Requirements

5. U.S. Forest Service, State and Private Forestry, Forest Resource Information and Analysis

- The State and Private Forestry account provides technical and financial assistance grants to non-federal forest landowners, including state, Tribal, and local governments.
- Activities within this account include forest health management, cooperative fire protection, wood innovation, and urban and community forestry. Project requests should be part of the state's Forest Action Plan, or contribute to meeting the goals of the Forest Action Plan.

Application must answer the following questions in a numbered format:

1. Is the project part of a state Forest Action Plan or otherwise ranked in a prioritized list (provide list name and rank)?
2. How does this project contribute to the state Forest Action Plan?
3. What is the federal nexus for this project and why should there be a federal funding component?
4. Has this project received previous federal funds (provide year, amount, and program)?
5. What is the total cost of the project? Are there matching funds or partner contributions?
6. Is the amount requested scalable to a lower amount and if so, what is the minimum amount?
7. What is the timeline for this project?
8. Describe how the project will conserve and steward working forests or open space, protect forest health from insects and disease, meet urban and community forestry goals, create opportunities for innovative wood use, improve fire mitigation efforts, or otherwise benefit communities and forested lands.

6. Projects on Agency Lists

The Subcommittee will only consider CDS requests for projects that are not included in the President's budget request or for funding levels that are above the amounts provided in the President's budget request. The Subcommittee will have a strong preference for projects included on agency-submitted priority lists. There will be a high bar for considering any projects not present on the current year's lists

7. Land Management Agencies, Local Projects and Research

In order for requests to be considered within this category, they must be relevant to the specified mission area within the bureaus listed below and contribute to responsible stewardship of land, wildlife, and recreation resources or contribute to priority research areas that inform stewardship of those resources. Proposed projects should contribute to local, state, and federal efforts to benefit species, habitat, and/or enhanced stewardship of land and water resources. Project funding is not intended to primarily fund annual operations and maintenance of existing programs at the state, federal, or local level.

- BLM, Management of Land and Resources, Land Management Priorities – project requests may be considered for activities related to wildlife and aquatic habitat management.
- NPS, National Recreation and Preservation, Statutory and Contractual Aid – project requests may be considered for activities relating to operating, managing, and preserving resources, including as authorized by law.
- FWS, Resource Management, Stewardship Priorities – project requests may be considered for fish and aquatic conservation, habitat conservation, recovery, and restoration activities.
- USGS, Surveys Investigations and Research, Special Initiatives – project requests may be considered for high priority and core science research, and ecosystem and water resources related activities.

Application must answer the following questions in a numbered format:

If the question does not apply to the requested project, please explain why

1. Describe the project and make the case for its consideration.
2. Is the recipient entity a federal agency, state agency, Tribal entity, local city/county agency, university or college, or non-profit organization?
3. Does the project meet the eligibility and matching requirements for a specific grant program (provide description)?
4. Does the relevant federal agency have the authority to provide funds to this project and/or recipient (cite authority)?
5. Is the project specifically authorized (cite public law or other authority)?
6. Is the project on federal land or a federal facility?
7. Is the project funded in the President's budget request (provide amount and describe any difference between the budget and your request)?
8. What is the federal nexus for this project and why should there be a federal funding component?
9. What is the total cost of the project?

Congressionally Directed Spending (CDS)

10. Has this project received previous federal funds (provide year, amount, and program)?
11. Are there matching funds or partner contributions?
12. Is this request being submitted to other subcommittees for consideration (note subcommittee, program, amount, and other relevant information)?
13. Is the project ranked on any federal, state, or other prioritized list (provide list name and rank)?
14. What is the timeline for this project and why are federal funds required in this fiscal year?
15. What are the estimated start and completion dates for the project?
16. Can the project obligate all of the requested funding within 12 months of receipt?

8. Bureau of Indian Affairs, Operation of Indian Programs, Special Initiatives

BIA provides direct services and funding for compacts and contracts for Tribes to provide programs for a wide range of activities. While the Subcommittee will not consider CDS projects for individual tribes, the Subcommittee may consider requests from other eligible entities that honor the commitment to invest in Tribal communities, create economic opportunities, foster cultural heritage, promote efficient and effective Tribal governance, and conserve natural resources.

Application must answer the following questions in a numbered format:

If the question does not apply to the requested project, please explain why

1. Describe the project and make the case for its consideration.
2. Is the recipient entity a federal agency, state agency, Tribal entity, local city/county agency, university or college, or non-profit organization?
3. Does the project meet the eligibility and matching requirements for a specific grant program (provide description)?
4. Does the relevant federal agency have the authority to provide funds to this project and/or recipient (cite authority)?
5. Is the project specifically authorized (cite public law or other authority)?
6. Is the project on federal land or a federal facility?
7. Is the project funded in the President's budget request (provide amount and describe any difference between the budget and your request)?
8. What is the federal nexus for this project and why should there be a federal funding component?
9. What is the total cost of the project?
10. Has this project received previous federal funds (provide year, amount, and program)?
11. Are there matching funds or partner contributions?
12. Is this request being submitted to other subcommittees for consideration (note subcommittee, program, amount, and other relevant information)?
13. Is the project ranked on any federal, state, or other prioritized list (provide list name and rank)?
14. What is the timeline for this project and why are federal funds required in this fiscal year?

9. Environmental Protection Agency (EPA), Science and Technology, Research: National Priorities

Project requests may be considered for high priority lines of research related to environmental quality and/or human health.

Application must answer the following questions in a numbered format:

If the question does not apply to the requested project, please explain why

1. Describe the project and make the case for its consideration.
2. Is the recipient entity a federal agency, state agency, Tribal entity, local city/county agency, university or college, or non-profit organization?

13. Is the project ranked on any federal, state, or other prioritized list (provide list name and rank)?
14. What is the timeline for this project and why are federal funds required in this fiscal year?
15. What are the estimated start and completion dates for the project?
16. Can the project obligate all of the requested funding within 12 months of receipt?

10. Environmental Protection Agency (EPA), State and Tribal Assistance Grants, STAG Infrastructure Grants

Requests will only be considered for projects related to existing funding categories and activities within the STAG account that will result in improvements in environmental quality and/or human health

Application must answer the following questions in a numbered format:

If the question does not apply to the requested project, please explain why

1. Describe the project and make the case for its consideration.
2. Is the recipient entity a federal agency, state agency, Tribal entity, local city/county agency, university or college, or non-profit organization?
3. Does the project meet the eligibility and matching requirements for a specific grant program (provide description)?
